

Hello Friends,

The Wichita County Medical Alliance is organizing Team Hotter’N Hell Healers to ride in the Hotter’N Hell bike ride. The focus of Team Healer is to promote healthy lifestyles for our community and to raise funds for our local Children’s Miracle Network. Team Healer is open to anyone who would like to participate.

When you join Team Healer, you are not committing to ride with a specific group or ride a certain distance; you are simply riding to show your support for our local Children’s Miracle Network. It does not cost anything to be part of Team Healer, However; you still **must register** with the Hotter N Hell bike ride at **HH100.org**

Anyone interested in riding for Team Healer should sign up at the Team Healer Children’s Miracle Network page:

<http://www.helpmakemiracles.org/index.cfm?fuseaction=donorDrive.event&eventID=1974>.

Our concept is each Rider of Team Healer can be sponsored by several Ghost Riders. A Ghost Rider is someone willing to ride with Team Healer in spirit only, however they are willing to make a donation in a Team Healer rider’s name. With the addition of the Team Healer page it is easy to find out who has signed up as riders and make donations.

We also have our own Facebook page at <https://www.facebook.com/teamhealers>. Please “like” the Team Healer page to spread the word about Team Healer via social media, your help is vital.

If you would like to issue a challenge to other groups or make a donation based on the distance ridden by specific riders, I can help coordinate the challenge.

We are selling Team Healer t-shirts for \$15, however anyone who raises \$100 will receive the Team Healer t-shirt for free. I will need your order by Aug 5th. I have attached this year's awesome graphic that Ralph Sterns and Pat Lindsey have created for our t-shirt and biking jersey. (Contact me directly for information about the biking jersey).

Since this is an open community project please forward this to all your family and friends.

Best wishes and happy riding,

Patrick Hearn
