

MISSION ACCOMPLISHED!

WICHITA COUNTY MEDICAL ALLIANCE - SUBMITTED BY TITO TOLENTINO - 2001, 2005, 2007 & 2009 MEDICAL MISSION COORDINATOR Dr. Eloisa Banez - Medical Mission Co-Coordinator

They are children, some barely toddling, playing on the dirt streets in the shadow of Dumps where piles of garbage reach like high-rise apartments into the sky. There are children whose parents make a living searching through the garbage for discarded belongings they can recycle and sell in the city. Food scraps are also scavenged and given to pigs that are then slaughtered and eaten or sold in the market. The dump is located all over the town. The capital's skyline is nearly obscured by the piles. But in the midst of crushing poverty, there is HOPE. The medical & dental team of 25 physicians & dentist & 22 clerical staff -treated 2898 patients for 3 days work. 2076 medical , 95 surgeries, 317 dental 456 pediatrics. Optical 294 and OB 116. Pharmaceutical companies donated \$260,000 worth of medicines, surgical supplies, dental supplies, EKG, ECG, & 2 ultra sound machines. The greatest influence of the mission was reaching out across thousand miles, different languages, cultures and religions deeply touch the heart of other human beings. Long after the mission is gone the hearts and minds will remember the treasure the experience and hopefully continue to build bridges across the globe. Volunteers also distribute donations of much needed supplies such as toothbrush, toothpaste, crayons, pens, clothes, candies, chewing gum & toys. This is our fourth medical mission trip into the Philippines. To date, we have provided care for over 7990 patients and donated medical supplies and equipments. We also pay to upgrade the hospital 3 restrooms, delivery rooms and operating rooms.

OUR NEXT -5th MISSION TRIP IS IN ON JANUARY 2011.

THANK YOU WICHITA FALLS MEDICAL AND DENTAL VOLUNTEERS ESPECIALLY TO ALL THE WICHITA COUNTY SPONSORS & DONORS.
